UP-PLATE AND UP-PIPE

Exceptionally durable wear plate solutions

DPSA Engineering is the exclusive distributor for UP-Plate and UP-Pipe chromium carbide overlay wear plate in Australia, New Zealand and Papua New Guinea.

UP-Plate and UP-Pipe is manufactured using a unique process which significantly increases durability and wear plate life.

Praise for DPSA Engineering UP-Plate

“The UP-Plate DPSA Engineering installed has already lasted over 500 more crushing hours than our usual wear plate and is only just starting to show signs of wear.”

Chris Proctor, Quarry Foreman
BORAL INNES PARK QUARRY

“Since the installation of the UP-Plate, wear rates in the dove tail sections of our Cat 793C Rear Dump have been significantly reduced.”

A Daniel, Maintenance Planner
BMA PEAK DOWNS MINE

QUALIFIED DRAFTSMAN

Expert draftsmen services

DPSA Engineering employs qualified draftsmen who are experienced in a wide range of software applications including autocad, autodesk and sigmanest.
